

(SRI M. NAGAPPA)

This particular Bill involves, many financial commitments on the part of the Government. This will be clear from the Statement of Objects and Reasons which says :

“ It is discovered that in some cases either excess payment towards compensation has been made or less amount than what is actually due to the claimant has been paid. It is considered necessary to insert suitable provision in both the Acts enabling the Deputy Commissioner to revise the amount of compensation determined by him, either by increasing or decreasing it and to recover excess compensation paid as arrears of land revenue.”

According to the Statement of Objects and Reasons there are about 60,000 inamdars and if anything is to be paid by amending the Act, Government is responsible to pay it from the funds of the Government. Therefore, this Bill necessarily requires a financial memorandum. Otherwise, it cannot be moved.

Similarly, there is another, Bill namely, the Hyderabad Jagirs (Commutation) Regulation (Mysore Amendment) Bill, 1967 which is going to be introduced but to that a financial memorandum has been appended, because the Government is amending certain provisions therein which involve financial commitments. So, unless a financial memorandum is furnished it cannot be introduced.

SRI H. V. KOUJALGI.—I will have to get it examined. It is an old Bill which was to have been introduced long ago.

MR. SPEAKER.—I shall take it up on some other day; in the meanwhile Government may study it. The matter is held over.

Hyderabad Jagirs (Commutation) Regulation (Mysore Amendment) Bill, 1967

(Introduction)

SRI H. V. KOUJALGI.—Sir, I beg to introduce.....

SRI M. NAGAPPA.—Sir, I take objection to the introduction of the Hyderabad Jagirs (commutation) Regulation (Mysore Amendment) Bill, under rule 69 of the Rules of Procedure and Conduct of Business in the Mysore Legislative Assembly. In clause 2 of the Bill on page 3, the following proviso is sought to be added :—

“ Provided further that where the particulars required for the calculation of the average annual gross revenue are not
